ARE YOU IN AGONY?
A WELL-SPRING OF HOPE
FOR ALL.

Can be found in
Holloway's Pills.
Be of Good Cheer! The Sinking may
be Saved!
BY THE USE OF
Holloway's Ointment.

The history of these great Remedies is the
most wonderful medical revelation that the
world has ever known. It establishes the al-
most important fact that **WHENEVER**, and **WHEREVER**
internal disease exists, the dis-
tinct, searching and healing properties of the
Pills are fully equal to its subjection and cure,
and that, with the Ointment, they are
The Great Ambassadors of Health to all
Mankind.

This is not a history written by one man, or
even derived from the experiences of one na-
tion. It consists of a compilation of testimo-
nial from the sick of every country—an unim-
peachable record, the like of which has never
been added in favor of any discovery or in-
vention since time began.

These Mighty Healers, World Known and
World Tried, are a Balm to the Sick.

The want of a sterling medicinal to meet the
ills and necessities of the suffering portion of
humanity, and one entirely free from mineral
and other deleterious particles, was severely
felt till this all powerful medicine was ushered
into the world. Holloway's INVALUABLE PILLS
have become the household remedy of all na-
tions. Their attribute is, **TO PREVENT** as well as
to cure; they attack the RADIX or ROOT of the
complaint, and, by removing the hidden cause
of disease, re-invigorate and restore the droop-
ing energies of the system, assisting na-
ture in her task of vital and restorative re-
formation.

Disorders of the Stomach
Are the sources of the deadliest maladies.
Their effect is to vitiate all the fluids of the
body, and so send a poisoned stream through
all the channels of circulation. Now, what is
the operation of the Pills? They cleanse the
bowels, regulate the liver, bring the relaxed or
irritated stomach into a natural condition, and,
acting through the secretory organs cross the
blood stream, change the state of the system
from sickness to health, by exercising a simul-
taneous and wholesome effect upon all its parts
and functions.

Woman, in all her Difficulties.
Is invited to test the regulating and restora-
tive power of this harmless but effective pre-
paration. At the two epochs of life in which
the female system undergoes the most impor-
tant and critical changes, the Pills will prove a
positive safeguard against evil consequences.
They are also confidently recommended as a
specific in every disorder to which females are
exclusively subject.

Be it Understood,
That the above statements can at all times
be verified by the written testimony (extending
through a quarter of a century) of tens of thou-
sands of unimpeachable witnesses.

Bilious Maladies, &c., &c.
In whatever form disease attacks the liver,
it is repelled and exterminated by this search-
ing, painless, and infallible cure. Bilious
remittents, bilious purging, and all the ordi-
nary disorders of the organ, indicated by pain in
the right side and between the shoulders, yel-
lowness of the whites of the eyes, weakness and
debility, &c., are relieved and removed by the
remedy, with a celerity which astounds the
sufferers and their friends. Let the sick, whom
the faculty have abandoned, resort with confi-
dence to this powerful and infallible agent, and
a restoration to health and activity will be the
unvarying result.

Dyspepsia, Diarrhea, Weakness, &c.
The terrible bodily and mental pains which
characterize Dyspepsia, are at once mitigated
by the Pills. Diarrhea, constipation, head-
ache, physical prostration, nervous tremor,
hot flashes, spasms, affections of the kidneys,
hemorrhoids or piles, and, in fact, all internal
complaints, from whatever cause arising, give
way before the salutary influence of this extra-
ordinary remedy. As a specific for dyspepsia,
and the disorders connected with it, or grow-
ing out of it, the Pills are always to be relied
on, when every other medicine and mode of
treatment has utterly failed.

Holloway's Pills are the best Remedy known
in the World for the following Diseases:
Asthma, Headaches,
Bowel Complaints, Indigestion,
Coughs, Inflammation,
Colic, Inward Weakness,
Chest Diseases, Liver Complaints,
Constipation, Lowness of Spirits,
Dyspepsia, Piles,
Diarrhea, Dropsy,
Debility, Secondary Symptoms,
Fever and Ague, Venereal Affections,
Female Complaints, Worms of all kinds.

Caution!
If the reader of this "notice" cannot get a
box of Pills or Ointment from the drug store in
his place, let him write to me, enclosing the
amount, and I will mail a box free of expense.
Many dealers will not keep my medicines on
hand, because they cannot make as much profit
as on other persons' make.

None are genuine unless the words "Holloway,
New York and London," are discernible as a
Water-mark in every leaf of the book of
directions around each box; the same may be
plainly seen by holding the leaf to the light. A
handsome reward will be given to any one re-
vealing such information as may lead to the
detection of any party or parties counterfeiting
the medicines or vending the same, knowing
them to be spurious.

Sold at the manufacture of Professor
HOLLOWAY, 80 Maiden Lane, New York,
and by all respectable Druggists and Dealers
in Medicine throughout the United States and
the civilized world, in boxes, at 25 cents, 50
cents, and \$1.00 each.

For there is considerable saving by taking
the larger sizes. See Directions (page 1), &c.

IT WEAVES CARPETS,
IT WEAVES TWEED,
IT WEAVES SEAMLESS SACKS,
IT WEAVES COTTON,
IT WEAVES WOOL,
IT WEAVES FLAX,
IT WEAVES HEMP.

FRANK M. TRACY & CO.,
HAVING PURCHASED OF THE PAT-
ENT RIGHT for the State of
Kansas, these new Looms will be for sale in
every County in Kansas. Every Farmer can
have a perfect Loom in his own house for
THIRTY DOLLARS!

This Loom is intended to take the place of the
common Hand Loom. It treats the Thread,
throws the Shuttle, lets off the Web, and takes
up the Cloth, the weaving being all done by
working the Lath. The Web is raised, Spoiled,
Warped, Beamed and Drawn in the usual
manner, enabling the weaver to use the Loom
with but little instruction. And as they are
CHEAP AND SUBSTANTIAL,
and not liable to get out of order, and will
weave three times as fast as the common Loom,
they exactly fill a large and increasing demand
among farmers, for some easy, healthy, and
speedy way of converting their own produc-
tions of **WOOL AND FLAX INTO CLOTHING,**
which they find it to their interest to do on ac-
count of the high price of the manufactured
article. From these facts we are enabled to offer
to the Farmers and Mechanics of Kansas, a
business, both profitable to themselves and of
general and lasting benefit to the commu-
nity, relieving it to a great extent of the con-
tinual drain on its cash resources. The Ohio
State Board of Agriculture, 1861, awarded the
first Premium, a Diploma, and it has taken the
first Premium by the State Board of Agricul-
ture, of Kentucky, in 1863.

A SILVER MEDAL
was awarded it at the last New York State
Fair. Call and see a full sized and rigged
Loom in complete operation. Orders for Looms
solicited from the
MERCHANTS AND BUSINESS MEN
of Kansas. Farmers and others can be supplied
at any time by the Manufacturers. All letters
of inquiry containing a stamp for return postage
will be promptly answered.

PUTNAM CLOTHES WRINGER.
IT IS THE ONLY RELIABLE
SELF-ADJUSTING WRINGER.
No Hand Screw to get out of Order.
No Thumb Screws to get out of Order.
No Thumb Screws to get out of Order.

Patented in the United States, England, Canada, and Australia. Agents wanted in every
town, and in all parts of the world.
Energetic agents can make from 3 to 10
Dollars per day.
Sample Wringer sent Express-paid, on re-
ceipt of price.
No. 3, \$25. No. 1, \$7.50. No. F, \$2.50.
No. A, \$3.50.
Manufactured and sold, wholesale and retail,
by **THE PUTNAM MANUFACTURING CO.,**
No. 13 Flat Street, New York.

WHAT EVERYBODY KNOWS, viz:—
That Iron will galvanize will not rust;
That a simple machine is better than a compli-
cated one;
That a Wringer should be self-adjusting, dura-
ble, and efficient;
That Thumb Screws and Fastenings cause de-
lay and trouble to regulate and keep in
order;
That wood soaked in hot water will swell,
shrink and split;
That wood bearings for the shaft to run in will
wear out;
That the Putnam Wringer, with or without
cog-wheels, will not tear the clothes;
That cog-wheel regulators are not essential;
That the Putnam Wringer has all the advan-
tages, and not one of the disadvantages
above named;
That all who have tested it, pronounce it the
best Wringer ever made;
That it will wring a Thread or a Red-Quilt
without alteration.

We might fill the paper with testimonials,
but insert only a few to convince the skeptical,
if such there be; and we say to all, test Put-
nam's Wringer. Test it THOROUGHLY with
ANY and ALL others, and if not entirely sat-
isfactory, return it.

Putnam Manufacturing Co.,
GENTLEMEN:—I know, from practical ex-
perience, that iron will galvanize with zinc
will not oxidize or rust one particle. The Put-
nam Wringer is as near perfect as possible, and
I can cheerfully recommend it to be the best
in use. Respectfully yours,
JNO. W. WHEELER,
Cleveland, Ohio.

Many years' experience in the galvanizing
business, enable me to indorse the above state-
ment in all particulars.

JNO. C. LEFFERTS,
No. 100 Beekman St.
New York, January, 1864.

We have tested Putnam's Clothes Wringer
by practical working, and know that it will do
it cheaply; it is simple; it requires no room,
whether at work or at rest; a child can operate
it; it saves wear and tear; it saves time
and it does every thing thoroughly. We earnestly
advise all who have much washing to do, with all
indifferent persons who have any, to buy the
Wringer. It will pay for itself in a year at
most. Respectfully,
JOHN H. MORRIS GREENE,
Sept. 6, 1864.

UNIVERSAL CLOTHES WRINGER
HIGHEST PREMIUM

347 Broadway, New York.

It was pronounced superior to all others at
the World's Fair, in London, 1862. It took
the First Premium over the great Fair of the
AMERICAN INSTITUTE, in New York
City, 1863. Here the judges were practical
mechanics, and appreciated COG WHEELS.

IT TOOK THE FIRST PREMIUM AT THE
NEW YORK STATE FAIR, 1863 and 1864.
VERMONT STATE FAIR, 1863.
PENNSYLVANIA STATE FAIR, 1863.
INDIANA STATE FAIR, 1863.
IOWA STATE FAIR, 1863.
ILLINOIS STATE FAIR, 1863.
AND AT COUNTY FAIRS WITHOUT NUMBER.

SELF-ADJUSTING AND ADJUSTABLE!
It saves Time, Labor, Clothes, and Money.
It is easily and firmly secured to the tub or
washing machine, and will fit tubs of any size
or shape. It is simple in its construction, and
does not easily get out of repair.
It is not only a PERFECT WRINGER, but
the Cog-wheels give it a POWER which ren-
ders it a most excellent washer, pressing and
separating, as it does, the dirt with the water,
from the clothes.
Any Washerwoman can use it—a Child ten
years old can use it.
It will save its cost every 6 months, in the
savings of clothes.

WILL NOT TWIST ON THE SHAFT.
And tear the Clothing, as is the case with our
No. 3, and other Wringers without Cog-wheels.
In our monthly sales of over 5,000, only from
one to two dozen are without Cogs. In our
retail sales, we have not sold one in nearly two
years. This shows which style is appreciated
by the public. This is the only Wringer with
the Patent Cog-Wheel Regulator.

And though other Wringer-makers are licensed
to use our Rubber rollers, yet none are ever
licensed to use the Cog-wheel Regulator.
Therefore, for cheapness and durability, buy
only the Putnam.

WEST'S IMPROVED PUMP.
ANTI-SUCKING, DOUBLE-ACTING,
FORCING AND LIFTING.

THESE pumps have now been in general
use a number of years, and give more
satisfaction than any other, and are recom-
mended as
THE BEST!

By Capt. Ericsson, and other eminent Engineers.
We can refer to thousands of names, and
testimony that all will recommend them.—
They are more simple in construction, and
work easier, and cost less than all others.

Our readers will find the double-acting im-
proved Pump of J. D. West & Co., one of the
best in the market. It is very simple, works to
a charm, so that any child may use it; throws
a steady, continuous stream, and does not
freeze in the coldest exposures, and is unusually
cheap. We say this knowing, and give the
testimony of our own accord, without the
knowledge or request of the proprietors.—
N. Y. Bee, Sept. 1st, 1863.

This may certify that I have been using, at
my manufactory, for the last four years,
"West's Improved Pump." I now have in
use three of said pumps, one of which is kept
constantly at work, 24 hours each day, (seven
Sundays) and has been running for the past
two years. I pronounce them, unhesitatingly,
the best pumps that have been brought to my
notice, having used many others previously.
They are simple in their construction, and not
easily disarranged. JAMES A. WEAVER.
N. Y., Oct. 10, 1863.

J. D. West & Co.
We are pleased to state that the Pumps we
had of you, about a year ago, have been in
constant use, 12 hours each day, and raise for
the use of our Woolen Factory, about 130
gallons per minute. They work with but little
expense compared with pumps we have used
before, and do not get out of repair, and are
satisfactory in all respects. Yours, &c.,
DUNLAP MANUFACTURING COMPANY.

Soloist Robinson to the Farmer's Club, Jan. 23:
"No farmer who owns a well or cistern can
possibly afford to be without an iron pump. It
should be at once a suction and force pump—a
perfect little fire engine—such a one known as
"West's Improved Pump." I speak of this
pump because I happen to know it. It is
very simple, durable, powerful and cheap, and
it doesn't freeze up, nor get out of order once a
year. I know this, and think I may be doing
farmers good by stating it. It is a boy
10 years old can work it, and throw a contin-
uous inch-and-a-quarter stream. It can be
made to work in deep wells as well as in shallow
ones."

[From the New York Observer.]
We have had in use for months past one of
West's Pumps, which has given us more sat-
isfaction as a force and lifting pump than any
we have ever used. It is one of great power,
and well adapted for ships' decks, factories,
green-houses, granaries, &c., &c. The
Mining Chronicle and Railway Journal says:
"It is recommended for its extreme simplicity
of construction, great strength, and consequent
durability and cheapness of repair."
There is no stuffing box—the pressure being
held by a cup packing, like that upon the
working piston, working in a cylinder, fitted
for the purpose within the upper air chamber—
which we think a great improvement, as stuffing
is so liable to be deranged, and leak under
strong pressure, to say nothing of the loss by
friction incident thereto. It has also two air-
chambers: thus the action of the valve is
influenced upon both sides by air—preventing
water hammer and vacuum thump. The valves
are very accessible, and simply and cheaply
repaired. They work much easier than any
pump we have ever seen; the 4 inch cylinder
worked by children in wells 12 to 15 feet
deep, and as they are extremely cheap as well
as simple and strong, we freely recommend them.

Gt. Neck, L. I., 1860.
I have used this pump for one summer and
winter, exposed to the North-West wind coming
over Long Island Sound, being the coldest
possible exposure, and no time in freezing,
nor were we unable a time to pump water
with great ease. H. B. McILVAIN.

She undersigned, having to use "West's Im-
proved Pump," cheerfully recommends them
as simple, durable, powerful and cheap, and
that they will be found in the market, and
thoroughly tested, for their ease of action,
security against frost, and low price, we believe
them superior to all others.

Chambers Mine, N. C., June 15, 1863.
J. D. West & Co.:
Gentle:—The pump which I ordered for our
mine is received and put to work in a few
days, and we are sinking, and we find
that one man will with ease lift 50 gallons per
minute. We lifted in three and a half hours
all the water in the shaft, which measures seven
feet by ten feet and 30 feet deep, and it was
full when we commenced. It answers our ex-
pectations in every respect, and our workmen
are highly pleased with it. It will do great
service, with but trifling expense for repairs.
Yours, respectfully,
BEN. HODGES,
We have plenty more such certificates, but
think these are enough. For Pumps, Hose,

Scrofula, or King's Evil,
is a constitutional disease, a corruption of the
blood, by which the skin becomes covered
with blotches, and, in the advanced stages,
it pervades the whole body, and may burst out
in disease on any part of it. No organ is free
from its attack, not in three out of which it may
not destroy. The scrofula is the result of
caused by mercurial disease, low living, dis-
ordered or unwholesome food, impure air, filth
and filthy habits, the depressing vices, and,
above all, by the venereal infection. What-
ever be its origin, it is hereditary, and it has
descended, descending, from parents to children
unto the third and fourth generation; indeed,
it seems to be the rod of Him who says, "I
will visit the iniquity of the fathers upon
their children."

Its effects commence by depuration from the
blood of corrupt or ulcerous matter, which, in
the lungs, liver, and internal organs, is termed
tubercles; in the glands, swellings; and on
the surface, eruptions or sores. This foul cor-
ruption, which renders the blood, depraves
the energies of life, so that scrofulous con-
ditions not only suffer from scrofulous com-
plaints, but they have far less power to with-
stand the attacks of other diseases; conse-
quently vast numbers perish by disorders
which, although not scrofulous in their nature,
are still rendered fatal by this taint in the
system. Most of the consumption which de-
vasted the human family has its origin directly
in this scrofulous contamination; and many
destructive diseases of the liver, kidneys, brain,
and, indeed, of all the organs, arise from or
are aggravated by the same cause.

One-quarter of all our people are scrofulous;
their persons are invaded by this lurking in-
fection, and their health is undermined by it.
To cleanse it from the system we must renovate
the blood by an alternative medicine, and in-
crease it by healthy food and exercise.
Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,
the most effective remedy which the medical
skill of our times can devise for this every-
where prevailing and fatal malady. It is com-
bined from the most active remedies that have
been discovered for the expurgation of this foul
disorder from the blood, and the rescue of the
system from its destructive consequences.
Hence it should be employed for the cure of
not only scrofulous diseases, but all other af-
fections which arise from it, such as ERYSIPELAS
AND SKIN DISEASES, ST. ANTHONY'S FIRE,
ROSCOE, OR DENTIFRICES, PIMPLES, PUSTULES,
DIARRHEA, BRUISES, TUBERCLES, TUBERCLES,
AND ALL THE AFFECTIONS OF THE SKIN, RHEUMATISM,
GOUT, DRUPPERS, DYSPEPSIA, DEBILITY, and
indeed, ALL COMPLAINTS ARISING FROM TITAN-
TIC OR BILIOUS BLOOD. The popular belief
in "impurity of the blood" is founded in truth,
for scrofula is a degeneration of the blood. The
particular purpose and virtue of this Sarsapa-
rilla is to purify and regenerate this vital fluid,
without which sound health is impossible in
contaminated constitutions.

AYER'S
Ague Cure,
FOR THE SPEEDY CURE OF
Intermittent Fever, or Fever and Ague,
Remittent Fever, Chills, Fever, Bilious
Ague, Periodical Headache, or Bilious
Headache, and all the ailments which arise
from the whole class of diseases originating
in bilious derangement, caused by
the Malaria of Miasmatic Countries.

We are enabled here to offer the community a
remedy which, while it cures the above complaint,
with certainty, is still perfectly harmless in any
quantity. Such a remedy is valuable in dis-
tinctly where these afflicting disorders prevail. This
"Cure" expels the miasmatic poison of FEVER
AND AGUE from the system, and prevents the
deleterious effects of the disease, if taken on the first
onset of its premonitory symptoms. It is not only
the best remedy ever yet discovered for this class
of complaints, but also the cheapest. The large
quantity we supply for a dollar brings within the
reach of every body; and in bilious districts, where
FEVER AND AGUE prevails, every body should
have it and use it freely both for cure and pre-
vention. A great superiority of this remedy over
any other discovered for the speedy and certain
cure of Intermittents is that it cures the system
or mineral, consequently it produces no quins or
other injurious effects whatsoever upon the constitu-
tion. It cures by itself, and is as healthy as if
they had never had the disease.

Fever and Ague is not alone the consequence of
the miasmatic poison. A great variety of disor-
ders arise from its irritation, among which are
Neuralgia, Rheumatism, Gout, Headache, Bilious-
ness, Toothache, Earache, Catarrh, Asthma, Pul-
monary, Pains of the Stomach, &c. This "Cure" ex-
pels the poison from the blood, and consequently cures
all these ailments. It is an invaluable protection to
immigrants and persons travelling in malarious
regions, and is a most valuable remedy in cases
where it is daily or weekly exposed to the infection,
that will be expelled from the system, and accu-
mulate in sufficient quantity to ripen into dis-
ease. Hence it is even more valuable for pre-
vention than cure, and few will ever suffer from In-
termittents if they avail themselves of the protection
this remedy affords.
